

Seats for construction vehicles

ISRI® 6030/ 880 NTS

Driver's seat with mechanical suspension

If you've got something heavy to move, you need the right support: ISRI seats for construction vehicles

Seating – on a higher level.

ISRI® 6030/ 880 NTS

Our comfortable driver's seat for construction vehicles is exceptionally well made and extremely tough. The mechanical suspension is available in various versions to suit different vehicles, all of which conform to EN/ISO 7096:2000. The seat can be adjusted as required and comes with height and tilt adjustment as standard. Together with the automatically shaped seat and

backrest, these features take the tired-ness out of driving. The high-quality cover material is very hard-wearing.
